

PARKING VALIDATION INSTRUCTIONS

When arriving and entering the parking area, please take a ticket from the parking equipment. This ticket will be needed to exit regardless of any parking validation.

Stop by the parking-validation desk near Imaging USA registration to get your parking validation ticket. Parking validations can only be used in conjunction with a parking ticket upon exit. Below is a step-by-step guide to using a validation ticket.

PLEASE NOTE:

- Multi-use validations to be used with the ticket taken upon each entrance.
- All validations do have expiration dates.
- Valet validations cannot be used in self-parking (and vice versa)

***IF YOU ARE EXPERINCING CHALLENGES WITH THE VALIDATION, PLEASE SEE
PARKING ATTENDENT FOR ASSISTANCE***
